ELSEVIER

Economic Letters 61 (1998) 407–409

economics letters

Category index of volume 61

B Methodology and History of Economic Thought

D. Usher, The Coase theorem is tautological, incoherent or wrong (B41) 3

C Mathematical and Quantitative Methods

E. Rasmusen, The observed choice problem in estimating the cost of policies (C1) 13
W.W. Charemza and E.M. Syczewska, Joint application of the Dickey–Fuller and KPSS tests (C12) 17
W. Krämer, Fractional integration and the augmented Dickey–Fuller Test (C12)269
R. Koenker and J.A.F. Machado, The Falstaff estimator (C13) 23
C. Brooks and S.P. Burke, Forecasting exchange rate volatility using conditional variance models selected by information criteria (C22)273
B.H. Baltagi and U. Blien, The German wage curve: evidence from the IAB employment sample (C23)135
M.-j. Lee and B. Melenberg, Bounding quantiles in sample selection models (C24) 29
M.A. Ariño and P. Newbold, Computation of the Beveridge–Nelson decomposition for multivariate economic time series (C32) 37
D. Sinha and T. Sinha, Cart before the horse? The saving–growth nexus in Mexico (C32) 43
B.T. McCallum, Solutions to linear rational expectations models: a compact exposition (C32)143
W.E. Diewert and K.J. Fox, The measurement of inflation after tax reform (C43)279
R. Batchelor and D.A. Peel, Rationality testing under asymmetric loss (C53) 49
A. Pelloni and R. Waldmann, Stability properties of a growth model (C61) 55
A. Horsley, A.J. Wrobel and T. Van Zandt, Berge's maximum theorem with two topologies on the action set (C61)285
S. Jafarey and H. Park, The dynamics of optimal wealth distributions with recursive utility (C62)149
S.D. Flåm and C. Horvath, Stochastic mean values, rational expectations, and price movements (C63)293
D. Hanly and K.C.K. Cheung, Market structure of multi-product firms under free entry (C72)159
W.H. Sandholm, Simple and clever decision rules for a model of evolution (C72)165
H. Jensen and B. Lockwood, A note on discontinuous value functions and strategies in affine-quadratic differential games (C73)301
P.R. Chowdhury, Externalities and bargaining disagreement (C78) 61
B. Frank, Good news for experimenters: subjects do not care about your welfare (C90)171
S.E. Page, Let's make a deal (C91)175

D Microeconomics

D. Pal, Endogenous timing in a mixed oligopoly (D00)181
R. Acharyya, Monopoly and product quality (D3) 187
C.A. Gallet and J.A. List, Elasticities of beer demand revisited (D10) 67
D.D. Li, Insider control and the soft budget constraint: a simple theory (D21)307
M. Ravallion, Does aggregation hide the harmful effects of inequality on growth? (D31) 73
S.R. Chakravarty and D. Mukherjee, Optimal subsidy for the poor (D31)313
L. Thomas, Optimal non-linear pricing with indirect prior beliefs (D42)321

Elsevier Science S.A.

K. Kraft, The codetermined firm in oligopoly (D43)195
W. Novshek and L. Thoman, Information disaggregation and incentives for non-collusive information sharing (D43)327
D. Lee, A note on the individualistic foundations of the core in economies with asymmetric information (D51)203
S.J. Humphrey, More mixed results on boundary effects (D81) 79
G.W. Evans and S. Honkapohja, Stochastic gradient learning in the cobweb model (D83)333

E Macroeconomics and Monetary Economics

M. Ogaki and C.M. Reinhart, Intertemporal substitution and durable goods: long-run data (E21) 85
C.E. Swanson, A volatility bound for endogenous business cycles: the case of even period lives with additive utility in a monetary economy (E32)339
J. Ehlgen, Distortionary effects of the optimal Hodrick–Prescott filter (E32)345
A.J. Bhundia and J.S. Chadha, The information content of 3-month Sterling futures (E43)209
H. Ahmed, Responses in output to monetary shocks and the interest rate: a rational expectations model with working capital (E52)351
J. Temple, Central bank independence and inflation: good news and bad news (E58)215

F International Economics

A.G. Isaac, Risk premia and overshooting (F3) 359
K. Shimomura, Factor income function and an oligopolistic Heckscher-Ohlin model of international trade (F11) 91
M. Bahmani-Oskooee and F. Niroomand, Long-run price elasticities and the Marshall–Lerner condition revisited (F12)101
A. Savvides, Trade policy and income inequality: new evidence (F13)365
K.L. Phillips and K. Snow, The forward bias: is it a money tree? (F31)373
H. Yamada, A note on the causality between export and productivity: an empirical re-examination (F43)111

G Financial Economics

M.P. Taylor and D.A. Peel, Periodically collapsing stock price bubbles: a robust test (G12)221
M.A. Habib and A.P. Ljungqvist, Underpricing and IPO proceeds: a note (G32)381
N. Yamori, Bureaucrat-managers and corporate governance: expense-preference behaviors in Japanese financial institutions (G210)385

H Public Economics

S. Lin, Government education spending and human capital formation (H2) 391
M. Gradstein, Provision of public goods in a large economy (H4) 229

J Labor and Demographic Economics

J.D. Skåtun, Divide the hours and conquer the surplus: part-time workers and pay (J22)235
E. Funkhouser, Tests of labor market rigidities and the Roy Model (J23)243
H.S. Nielsen, Discrimination and detailed decomposition in a logit model (J71)115

L Industrial Organization

K. Kultti and T. Takalo, R&D spillovers and information exchange (L13)121
R. Pitchford, Moral hazard and limited liability: The real effects of contract bargaining (L14)251

N Economic History

J.L. Zagorsky, Was depression era unemployment really less in Canada than the U.S.? (N12)125

O Economic Development, Technological Change, and Growth

S. Kanwar, Wage responsiveness of labour supply and demand in nonclearing rural markets: the case of Indian agriculture (O13)395

R Urban, Rural, and Regional Economics

O. Stark, On the economics of vanishing (R11)261
